

MADZ GOT RICH - *Live entertainment for all events!*

OUR COVID SAFE PLAN/PROTOCOL

We like to keep things transparent with all our valued clients, which is why we've curated a list of safety protocols. Our team are trying hard to ensure we can continue to work after months of constant loss to our industry, due to the ongoing Melbourne lockdowns.

As of Tuesday the 26th of October 2021, the following protocols may apply to your booking/event with us:

- Facial masks to be worn
- Barriers protecting your entertainers and their equipment throughout the duration of the event
- 1.5 metre distancing enforced between attendees and your entertainment
- Reasons to approach your entertainers on the day of your event may be prohibited (hosts/attendees)
- Microphones may not be provided for speeches etc. without our COVID safe MC package
- We may advise that your event only use our recommended MC to maintain our work safe bubble
- 3rd party MCs MUST provide their own microphones or use the venue's house microphone
- Our crew's table seating/meals MUST be served (R.E - weddings, corporate etc.) separate to other suppliers, staff and attendees

- To avoid disappointment, please ensure your song requests, as well as all other requests are made in advance via email. Your entertainment may introduce a virtual option for 'on the spot song requests' and other means of communication on the day as an alternative for some larger events.

OUR COVID SAFE PLAN/PROTOCOL

Due to the current circumstances we face, we uphold a strict zero tolerance policy for the following:

- Heckling/approaching our crew members at any point of your event without authorisation
- Touching or making any form of contact with our crew members and/or their equipment
- Drunken/intoxicated/risky behaviour that impacts our safety, equipment and personal space

We kindly advise that a breach to any means of our crew's safety and personal space, may result in a cease/minimisation of our services at any time if deemed necessary.

Thank you for understanding, as we navigate through this extremely challenging pathway to COVID normal.

Your mutual respect and compliance to our COVID-SAFE plan is sincerely appreciated.

Help us #SAVEOURSCENE

SAFETY FIRST!

PLEASE PRACTICE
SOCIAL DISTANCING WITH OUR CREW
